ANTI-BRIBERY AND CORRUPTION POLICY

University of Perpetual Help System Laguna (UPHSL) is committed to upholding the highest standards of integrity, transparency, and accountability across all areas of operation. As part of this commitment, the institution maintains a strict zero-tolerance policy on bribery and corruption. This policy is established to promote ethical conduct, prevent corrupt practices, and ensure compliance with relevant laws and institutional values.

This policy applies to all employees, faculty, administrators, officers, contractors, students, and third-party representatives acting on behalf of the institution. Bribery—defined as offering, giving, receiving, or soliciting anything of value to improperly influence a decision—is strictly prohibited. Likewise, corruption, or the misuse of power for personal gain, will not be tolerated in any form.

The following practices are not permitted: offering or accepting bribes; misusing institutional funds for corrupt activities; exchanging gifts or favors to influence decisions; or engaging in nepotism or favoritism in employment and promotion decisions.

All personnel have a duty to report suspected cases of bribery or corruption through the appropriate institutional channels. Reports will be handled with confidentiality, and whistleblowers will be protected from retaliation. Supervisors and managers are expected to set a strong ethical example, while the Human Resources and Legal Offices are responsible for enforcing the policy and providing necessary training.

Violations of this policy may result in disciplinary action, including termination of employment or contract, and may lead to legal consequences. To maintain awareness and accountability, the institution will conduct regular training and review this policy periodically to ensure its relevance and effectiveness.
