- **University of Perpetual Help System - GMA Campus** located in General Mariano Alvarez, Province of Cavite started its operation in 1997. It is an extension campus of UPHS Laguna.

- **UPH-Dr. Jose G. Tamayo Medical University** opened in 1976 in the City of Biñan, Laguna, specializing in medical and allied health programs.

- **University of Perpetual Help System – Isabela Campus** is a satellite campus of the University System in the northern part of the country as an avenue for bringing out and nurturing the seeds of excellence through Perpetualite education.

- **University of Perpetual Help System Laguna – Pueblo de Panay Campus** is the youngest among the eight campuses and the only UPHS campus outside Luzon. It started its operation last April 2019. To date, the University offers Basic Education and collegiate programs .

From its humble beginnings, the University of Perpetual Help System Laguna has grown substantially. On July 25, 2012, the University was granted Autonomous Status in its quest for excellence through accreditation of its various programs.

The founders, Dr. Jose G. Tamayo and Dr. Josefina L. Tamayo, created an ideal partnership. Dr. Josefina was always at Dr. Jose's side, a partner in every undertaking until her early demise in 1987. As a fitting tribute, UNIVERSITY STATUS of the Perpetual Help System was granted by the Commission on Higher Education on the natal day of Dr. Josefina Laperal Tamayo on April 20, 1997.

The nature of the University of Perpetual Help System JONELTA is a private non-sectarian institution. It advocates for quality education in the formation of research-oriented professionals, committed leaders, and dynamic Christian citizens imbued with Perpetualite values.

Our University Philosophy

"Character Building is Nation Building"

The University of Perpetual Help System JONELTA believes that national and global development process, contents, and end-results are predicated on the quality of education of its people. Towards this end, the institution is committed to the ideals of teaching, research, student services, community service and partnership.

The University believes in the full holistic development of Perpetualites as leaders who are committed to the national and global development and to the achievement of the best quality of life.

Our University General Objectives

- To contribute to the development of creative and innovative individuals and responsible citizens who value freedom.
- To develop the ability and courage to express will and determination, and the capacity to overcome obstacles and solve problems for the ir general welfare.
- To establish and sustain a conducive atmosphere for intellectual training and exercise of academic freedom that will enhance the capacity and potential of the students to excel in their area of specialization.

To provide unique opportunities that will optimize the inner potentials and capabilities of every student.

Our University Vision

The University Perpetual Help System is a premier University that provides a unique and innovative educational process, contents, end-results for the pursuit of excellence in academics, technology, and research through community partnership and industry linkages.

UPHSL Admission Policy

It shall be the policy of the University to admit students who shall qualify in the examination administered prior to enrollment. UPHSL reserves the right to set other reasonable requirements for admission in the exercise of its academic freedom.

No student shall however be denied admission on account of sex, age, creed or race; or any qualification which may be deemed discriminatory. UPHSL promotes a community that is open, safe, and supportive by providing quality education and at the same time welcoming Perpetualites of all identities, respecting their expression to thrive in an inclusive and affirming academic and campus environment. Differently abled persons may likewise be admitted upon presentation of professional assessment and certification that they could cope with the rudiments of tertiary education without detriment to their condition.

To this end, UPHSL binds itself to implement legislative mandates relative to admission of students, such as but not limited to, the Comprehensive Dangerous Drugs of 2002, Data Privacy Act of 2012, and the Safe Spaces Act.
